TECHNICAL SKILLS

Languages
JavaScript, Python, Kotlin, SQL, HTML / CSS

Web & Mobile
React, Node.js, Express, Tailwind CSS, REST APIs, Android (Kotlin)

Data & Cloud
MongoDB, MySQL, ER modelling, Microsoft Azure, AWS fundamentals

Tools
Git, GitHub, VS Code, IntelliJ IDEA, Android Studio, Vercel

Emerging Tech
AI / ML fundamentals, IoT, Micro:bit

CERTIFICATIONS

Microsoft Certified: Security, Compliance & Identity Fundamentals
Microsoft · Aug 2025

Microsoft Certified: Azure Data Fundamentals
Microsoft · 2025

IT Specialist – Databases
Certiport (Pearson VUE) · May 2025

PROFILE

ICT student at the University of the Sunshine Coast (graduating Dec 2026) with a Diploma in Computer Engineering, three Microsoft and Certiport certifications, and over three years of IT support, lab and network experience. I build and ship real software, from a full-stack dashboard live on Vercel to a website for a Brisbane small business. Seeking a graduate, internship or part-time role in web development, IT support or front desk, where I can help people and solve real problems.

EDUCATION

Bachelor of Information and Communication Technology — Feb 2024 – Dec 2026
University of the Sunshine Coast (UniSC), Moreton Bay

- Relevant courses: Web Development & Design, Database Systems, Programming, Information Systems, Network Technologies, Artificial Intelligence

Diploma in Computer Engineering — 2020
Acme Engineering College (CTEVT), Nepal · 69.01%

Computer Hardware Technician Training — Jun – Nov 2017
Computer Association Nepal (CAN) · 6-month program

KEY PROJECTS

USC Teaching Dashboard — Live ↗ GitHub ↗
React · Tailwind CSS · Node.js · Express · MongoDB · Vercel

- Built a full-stack app for managing courses, outlines, faculty and teaching activities, with a metrics dashboard.
- Implemented secure JWT login with role-based access, hardened with Helmet and CORS.
- Created a CSV bulk-import pipeline with validation, preview and error reports for up to 20,000 records.

Mr Sangas Business Website — mrsangas.com.au ↗
Client project · Brisbane

- Designed and built the website for Mr Sangas, a Brisbane sandwich shop, giving the business an online presence for local customers.

GeoQuiz Android App — GitHub ↗
Kotlin · Android XML Views · ViewModel

- Developed a native quiz app using ViewModel to keep quiz and cheat state through screen rotation.

IT SUPPORT & FRONT DESK

- Hardware troubleshooting & repair
- Software installation & support
- Network setup & troubleshooting
- Data backup & recovery
- Front desk, reception & customer enquiries
- Admin tasks & record keeping

DESIGN & OFFICE

Web & UI design, graphic design, social media content, video editing, Microsoft Office, Google Workspace

CORE STRENGTHS

- Problem solving & debugging
- Teaching and explaining technology
- Documentation & reporting
- Teamwork & event organising

LANGUAGES

English, Nepali, Hindi
Proficient in all three

EXPERIENCE

Part-Time Computer Science Teacher — Apr 2023 – Oct 2023
Sunshine English Boarding School, Hetauda, Nepal

- Taught Computer Science to Grade 9 and 10 students, explaining programming and computing concepts clearly.

Computer Technician (Full-time) — Jul 2022 – Oct 2023
Laboratory Assistant — 2021 – 2023
Hetauda School of Management & Social Sciences, Nepal

- Provided full-time IT hardware and software support across the college as Computer Technician.
- Managed the Computer Lab and Digital Logic Lab, and handled the network for the entire college.
- Guided students in using IDEs and debugging their programming work.

Frontend Programmer & Designer (Intern) — Jan 2019 – Dec 2019
Chloroleaf Pvt. Ltd., Kathmandu, Nepal

- Built responsive web pages and user interfaces with HTML, CSS and JavaScript.
- Designed page layouts and graphics, turning design ideas into working front-end code.

Computer Technician — Apr 2017 – Sep 2017
Elite Edition, Nepal

- Provided technical support and maintenance for computer systems.

MORE PROJECTS

Micro:bit Controller — browser app controlling Micro:bit devices in real time via the Web Serial API

Smart Cities Website — HTML, CSS and JS site on smart transport, CCTV and renewable energy — GitHub ↗

Portfolio Website — responsive site showcasing my skills, projects and education — GitHub ↗

College Website with CMS and **College Assignment System** — Diploma projects

INTERESTS

AI, cloud computing & DevOps · Building and deploying web apps · Software & hardware maintenance · Graphic design · Photography & videography · Content creation · Meeting new people and sharing ideas
